Press Release

IAFP 2016 Registration Now Open

Des Moines, Iowa (*February 5, 2016*) – The International Association for Food Protection will hold IAFP 2016, July 31–August 3 in St. Louis, Missouri. Registration and housing are now open via the Association Web site at: www.foodprotection.org.

IAFP 2016 will feature more than 900 technical papers, posters and symposia, detailing current information on a variety of topics relating to food safety. The quantity and quality of contributed presentations provide information on the latest methods and technologies available. In addition to the science-based presentations, the four-day meeting will include committee and professional development group meetings, educational exhibits and an awards banquet.

The IAFP Annual Meeting has earned recognition as the leading food safety conference worldwide and is attended by more than 3,000 of the top industry, academic and governmental food safety professionals. This broad mix of attendees includes professionals in quality control, processing operations, regulatory inspections, consulting groups, risk assessment, research and development, microbiological research, plant management, technical services and HACCP management.

###

The International Association for Food Protection is a non-profit educational association of food protection professionals. The Association is dedicated to the education and service of its Members and to industry personnel. The Association provides Members with an information network and forum for professional improvement through its two scientific journals, *Journal of Food Protection* and *Food Protection Trends*; its monthly e-newsletter, *IAFP Report*; educational Annual Meeting; and interaction with other food safety professionals.
