Affiliate Annual Report for Calendar Year 2019
(Complete Attachment B to be considered for one or more 2020 Affiliate Awards.)

To maintain compliance with IAFP Constitution and Bylaws, Affiliates must return this completed report. Please send by email to Susan Smith at: ssmith@foodprotection.org.

Please return the following items electronically by Tuesday, February 11, 2020 (late reports will not be considered for awards):

REQUIRED:
- This completed form (in English).
- Your Association’s membership list (Item 2).
- Your Association’s list of current term officers (complete Attachment A).

OPTIONAL:
- Attachment B: Completion required only if your Association requests to be considered for one or more Affiliate Awards.
- IAFP now accepts all Affiliate Annual Reports electronically, including those vying for one or more of the Affiliate Awards. Affiliates seeking to present the highest quality visual presentation are encouraged to present their Annual Report in the highest quality possible for review by the Selection Committee. To avoid errors and omissions, please limit your submission to ONE email with all attachments.
- Digital photos (with names and descriptions) to appear in the Affiliate View quarterly newsletter.

☒ CHECK HERE and return electronically by 2/11/20 IF YOUR AFFILIATE REQUESTS TO BE CONSIDERED FOR ONE OR MORE 2020 AFFILIATE AWARDS. (You are required to complete Attachment B.)

☐ CHECK HERE IF YOUR AFFILIATE DOES NOT WANT TO BE CONSIDERED FOR A 2020 AWARD. (You are done! It is not necessary to complete Attachment B.)
Attachment B (optional)

☐ C.B. Shogren Memorial Award
How did your Affiliate demonstrate exceptional overall achievement during the past year in promoting the mission of IAFP ("To provide food safety professionals worldwide with a forum to exchange information on protecting the food supply")? "Overall achievement" should encompass at least several of the following activities/accomplishments of your Affiliate during 2019:

- Exceptional achievement in membership;
- Types and effectiveness of communication and education;
- Awards and scholarships presented;
- Attendance numbers at meetings;
- Collaboration with other professional organizations;
- Donations to the IAFP Foundation; and
- Representation at the IAFP Affiliate Council Meeting (held during IAFP Annual Meeting); and
- Other pertinent information.

While not a requirement, strong consideration will be given to an Affiliate whose officers (beyond the requirement for the President and Delegate) are also IAFP Members. Provide a description and include any supporting documents. You may cut and paste copy in the space below or use separate pages if necessary; please limit your explanation to 1,000 words or less in 12 point type.

- Our membership has registered 26 new members of 464 or 6% of current membership. We continue to attract members who are outstanding professionals in the world of food safety including members of academia, industry and regulatory organizations.
- FAFP corporate sponsorships remain steady at 26 industry sponsors.
- Eleven of our Twelve officers elected in 2019 (for the 2020 term) are IAFP members. Travis Chapin represented our affiliate at the annual IAFP Affiliate Council Meeting and was excited to bring back some energy and exciting ideas from other active affiliates.
- We strive to present high quality educational luncheons providing members with up close and personal forum to learn. This year, we held a total of 4 Educational Luncheons. One of them was hosted by our South Florida FAFP Chapter. This was the fourth year of our South Florida Chapter.
- Our Annual Educational Conference (AEC) attracted 101 attendees and 13 invited speakers from across the US as well as 8 graduate student presentations. We are very proud of what has become a well-known meeting across Florida and the US.
- In 2019, we had a total of 222 attendees at all of our meetings combined.
- FAFP members are kept up to date on Association Events through e-mail blasts and website postings and in 2019 we started a new FAFP Facebook page chaired by one of our student members.
- FAFP has been a strong supporter of the IAFP Foundation Fund for many years and we are known for presenting a $1000 annual donation during a
skit that is often based on a well-publicized event. In 2019, we performed an FAFP special rendition of “My Old IAFP Home” sung to the tune of “My Old Kentucky Home” in full Kentucky derby outfits during the IAFP Board Meeting in Louisville supported by a large contingent of FAFP members and FAFP student members, along with new “local” friends from the Kentucky Department of Agriculture.

- FAFP, per our tradition, further provided strong support to the IAFP Foundation by providing speaker gifts of $25 each for 10 of our AEC speakers. FAFP also provided two Florida themed gift baskets for the IAFP Foundation Silent Auction.
- FAFP also gives back to the community by sponsoring scholarships for college students and awards for the Science and Engineering Fair of Florida. In 2019 FAFP awarded $6,000 for 6 college student scholarships and $1,400 in awards for 4 junior and senior Florida State Science and Engineering Fair projects.
- In addition to the monetary awards for the Science Fair, FAFP also provides judges for the event. In 2019, we had 4 representatives from FAFP serve as judges for our 4 special FAFP awards.
- FAFP made a donation of $1,000 to help support the Consumer Food Safety Education Conference hosted in Orlando, FL in 2019.
- FAFP continued an annual tradition of making a donation of $1,000 to the Red Cross to support hurricane victims. Hurricane Dorian devastated the Bahamas in September 2019.
- During our Annual Educational Conference, we also fielded a team of volunteers to help stock the “Feeding South Florida” food bank and made an additional donation of $100 to support their efforts.

May 22, 2019

Dear Tim Jackson,

On behalf of the Florida Association for Food Protection (FAFP) Board of Directors, I would like to thank you for taking the time to speak at our Annual Educational Conference. FAFP is dedicated to providing our membership with high quality speakers on diverse food safety topics at our Annual Educational Conference and your excellent presentation helped us fulfill this mission.

As a thank you for your participation, a donation of $25 has been made in your name to the International Association for Food Protection (IAFP) Foundation Fund. Resources from the IAFP Foundation help sponsor travel for deserving scientists and students from developing countries to attend the IAFP Annual Meeting, sponsor international workshops, and support future food scientists through scholarships. In addition, the IAFP Foundation also funds programs such as the Ivan Parkin and John H. Silliker Lectures at the IAFP Annual Meeting, the audiovisual library, developing scientist competition, and shipment of the Journal of Food Protection and Food Protection Trends to developing countries.

Thank you again for speaking at the FAFP Annual Conference! We hope you enjoyed our meeting, and welcome your attendance in the future.

Sincerely,

ErikMontaner
FAFP – President 2019
ENJOY YOUR 2019 FAPP AEC T-SHIRT AND REMEMBER TO THANK OUR T-SHIRT SPONSORS

2019 Florida Association for Food Protection Scholarship

The Florida Association for Food Protection recognizes that students are the future in the field of food safety. To support students, FAFP provides academic scholarships for the advancement of science, food safety, and the continued focus for protecting the food supply.

The Fall and Spring Scholarships will be awarded to 2 students at $1,000 each student.

Scholarship Criteria

- Florida resident
- Demonstrate interest in, and commitment to, food safety and quality as a student (undergraduate or graduate level) enrolled full-time in a biological, chemical, or food science, hospitality management, or other food industry field during the previous 6 months.
- Students are limited to two FAFP scholarships in an academic career.

Interested Students should submit an application, by the application deadline that includes:

- Completed Student Scholarship Application
- Statement of interest explaining:
  - Your career aspirations
  - What qualifications sets you apart as a food safety professional to deserve this scholarship
  - What food safety issue do you see being the most important challenge for Florida producers, processors, distributors and/or retailers in the next five years
- One page resume
- Letter of recommendation from two faculty member or department chair (sent directly to FAFP from faculty member)
- Students are encouraged to become members of FAFP https://www.fafp.net/membership/ at a discounted rate of $5 per year.

Applications must be submitted to FAFP via e-mail to: fafp2000@hotmail.com by October 30, 2019

64th State Science and Engineering Fair of Florida - 2019 FAFP special award recipients

Each year, FAFP provides a Special Award to student finalists who have been selected to present their projects at the State Science and Engineering Fair. FAFP members travel to Lakeland to provide recognition to student’s projects in the field of food safety. This year, four $350 cash awards were presented to:

Junior Section

Chloe Thompson – E. coli vs Coli-Opsin? Comparing the presence of coliforms in packaged versus non-packaged foods. Tallahassee School of Math and Science.

Kendall Dean – Which hand soaps eliminate the most bacteria? Grace Christian School, Ocala

Senior Section

Frank Belette – Epidemiology of the sesame allergen. Pine Crest School, Ft. Lauderdale.

11:45 am Food Safety Considerations as a Driver of Change in Campus Food Service Programs - Aramark Higher Education
12:15 pm Networking Lunch at Fresh Food Company Dining Hall
1:30 pm Return Transportation to Beef Teaching Unit and FAFP Board Meeting
Keith Schneider, Ph.D.
The main focus of Dr. Schneider's research program at the University of Florida has been on food safety, with particular emphasis on improving the quality and safety of fresh fruits and vegetables. Dr. Schneider's program has been influenced by an increase in the number and frequency of foodborne illnesses associated with the consumption of raw fruits and vegetables. His ongoing research program has examined etiologic factors, contamination mechanisms, and intervention strategies, as well as the production of educational materials. Dr. Schneider also has an active extension program and serves as the Director of the Southern Regional Center and the National Coordination Center for Food Safety Training, Outreach, and Technical Assistance.

Prashant Singh, Ph.D.
Dr. Prashant Singh is a Food Microbiologist at Florida State University in Tallahassee. His research program is focused on improving food safety through development of advanced methodologies for the rapid detection of food-borne pathogens and development of multi-barrier approaches for reduction of food-borne pathogens in various types of foods, including meat and produce. Dr. Singh also works in the area of dairy microbiology and probiotics.

Jason Scheffler, Ph.D.
Dr. Jason M. Scheffler conducts both applied and basic research at the University of Florida with impact on animal growth efficiency and meat quality. Recent efforts have been directed at identifying the contribution of connective tissue to beef tenderness. In addition to his research responsibilities, Dr. Scheffler serves as an instructor for Introduction to Animal Science and his extension program includes HACCP training and animal feed safety courses and contributes to other short courses pertaining to meat quality and safety.
