

Affiliate Annual Report for Calendar Year 2025

(Complete Attachment B to be considered for one or more 2026 Affiliate Awards.)

To maintain compliance with IAFP Constitution and Bylaws, Affiliates must return this completed report. Please send by email to Susan Smith at: ssmith@foodprotection.org.

Please return the following items **electronically** by **Tuesday, March 3, 2026** (late reports will not be considered for awards):

REQUIRED:

- This completed form (*in English*).
- Your Association's list of current term officers (complete Attachment A).

OPTIONAL:

- Attachment B: Completion required **only** if your Association requests to be considered for one or more Affiliate Awards.
- IAFP accepts **all** Affiliate Annual Reports electronically, including those vying for one or more of the Affiliate Awards. *Affiliates seeking to present the highest quality visual presentation are encouraged to present their Annual Report in the highest quality possible for review by the Selection Committee. To avoid errors and omissions, please limit your submission to ONE email with all attachments.*
- Digital photos (with names and descriptions) to appear in the *Affiliate View* quarterly newsletter.

British Columbia Food Protection Association

1. Your Official Delegate to IAFP Affiliate Council and Contact

Enter in the fields below the information requested for your Association's official Delegate to the IAFP Affiliate Council and your official Contact for IAFP correspondence. **Delegate must be an IAFP Member.**

Official Delegate to IAFP Affiliate Council

Stephanie Chiu

Vancouver, BC, Canada

stchiu.22@gmail.com

IAFP Member? Y ☒ N ☐

Official Contact for IAFP Correspondence (indicate “same” if person also serves as Delegate)

Same

IAFP Member? Y ☒ N ☐

2. Membership List

- a. Indicate the current total number of members in your Association: 68
- b. How many NEW members joined your Association in 2025? 22

3. Meetings: Annual Meeting/Conference, Educational, Workshops, Webinars, etc.

- a. On what date(s) was your most recent general membership or major meeting (i.e., Annual Meeting/Conference) during the past year? Please list number of attendees.

BCFPA Hybrid Fall Speaker’s Evening, 28 registrants.

- b. Please provide the date(s) and location of your next scheduled major meeting (i.e., Annual Meeting/Conference):

BCFPA Virtual Annual General Meeting (2025), February 18, 2026.

- c. List all other general membership meetings held in 2025 (excluding board meetings). Include title, dates and attendance numbers.

Virtual Annual General Meeting	March 11, 2025 / 19 registrants
Summer Webinar Series	June 23, 2025 / 17 registrants
Hybrid Fall Speaker’s Evening	November 3, 2025 / 28 registrants

4. Awards and Scholarships

a. List members honored with an award from your Association and/or IAFP during 2025. Include name of award and qualification for award.

None, no nominations were submitted.

b. List scholarships awarded during 2025; include recipient and qualification for scholarship.

BCFPA Scholarship Award / \$1000	Recipient: Sofia Colmenares. Sofia met all the requirements for our scholarship including: - Current BCFPA member, - Currently enrolled in a food related university or college program, and - Two reference letters. - Prepared an essay on "AI applications for improved food safety". Full details on our award: https://www.bcfoodprotection.ca/Scholarships
----------------------------------	---

5. Web Communication

Please be sure to keep the IAFP office on your mailing list for newsletters, email, and other communications to your general membership.

Please provide your existing Affiliate's Web site address AND date last updated:

Before continuing, please check one of the boxes below:

☒ **CHECK HERE and return electronically by 3/3/26 IF YOUR AFFILIATE REQUESTS TO BE CONSIDERED FOR ONE OR MORE 2026 AFFILIATE AWARDS. (You are required to complete Attachment B.)**

☐ **CHECK HERE IF YOUR AFFILIATE DOES NOT WANT TO BE CONSIDERED FOR A 2026 AWARD. (You are done! It is not necessary to complete Attachment B.)**

Attachment B (optional)

Affiliate Award Considerations

*To be considered for one or more of the five Affiliate Awards to be presented at IAFP 2026, Affiliates are **required** to check the box next to the award(s) for which you wish to be considered and provide the related criteria (in English). (REMINDER: Please confirm IAFP Membership of your Affiliate President and Delegate **before** completing Attachment B to avoid award disqualification.)*

☒ **Affiliate Membership Achievement Award**

How did your Affiliate grow **AND** retain members during the past year? Please provide details on:

- how new members were recruited throughout the year;
- the number of new members joining the Affiliate;
- the percent of increase in membership from 2025 to 2026;
- specific efforts on how you retained existing members; and
- other methods related to helping grow and maintain your membership.

You may cut and paste copy in the space below or use a separate page if necessary; please limit your explanation to 500 words or less in 12-point type.

In 2025, the BCFPA implemented a communications strategy to grow and engage our membership through our social media accounts. During the year, we welcomed 22 new members, demonstrating a strong recruitment drive and expanding interest in our food safety events. Membership increased from 64 members in 2024 to 68 members in 2025, reflecting a 6.25% membership growth of our association. Our main recruitment strategy centred on consistent communication through our social media accounts and membership list. We actively promoted our educational events across LinkedIn, Instagram, Bluesky, and Facebook, while maintaining a regularly updated website and targeted email campaigns. These efforts highlighted the professional value we provide to our members for joining our Association. A primary driver of new memberships originated from our Virtual and Hybrid Speaker's Evening seminar series. We invited engaging speakers to present on timely and emerging food safety issues impacting the food industry. These educational seminars served as an effective entry point for prospective members, many of whom joined following event attendance. Of the 22 new members who joined in 2025, 15 were student members, 6 were regular members, and 1 was a silver sustaining member. The significant growth in student membership reflects our strong student engagement, as it reflects our association's increasing visibility among academic institutions and its role in supporting the next generation of food safety professionals. To strengthen recruitment of sustaining members, we redesigned our membership benefits webpage to clearly communicate value and return on investment. This included advertising opportunities in newsletters and email campaigns, networking opportunities, regular email bulletins, free job postings on the BCFPA website, and a newly introduced 40% discount for non-profit organizations. This targeted initiative directly resulted in securing a new non-profit organization to join as a Bronze Sustaining Member for 2026. Retention remained a priority throughout the year. While membership turnover presented challenges, we maintained strong engagement by consistently delivering

relevant, technical meetings which aligned with member interests. We also relied on the active support of our existing members, whose word-of-mouth promotion of our events played a meaningful role in both recruitment and retention. Despite having a small association, our approach to grow and retain members proved effective with an overall increase in members in 2025 in comparison to 2024.

☒ Affiliate Communication Award

How did your Affiliate communicate information to your Members during the past year? Please provide a description of the types of communication sent to your general membership and include samples with your Annual Report. Samples can be printed copies/screen shots of blast emails, website (include frequency of updating), electronic/print newsletters, brochures, etc., along with respective dates sent. If available, provide how effective specific communication was toward meeting your goals. You may cut and paste copy in the space below or use a separate page if necessary; please limit your explanation to 500 words or less in 12-point type.

The BCFPA relies on several communication channels to share information with our members. In 2025, we utilized various platforms to communicate with our members including our website, emails, LinkedIn, Instagram, Bluesky, Facebook, and Youtube. We also utilized free online programs for creating and designing visually appealing posters with QR codes to advertise our events. Using QR codes has helped us streamline event registration for our members. With 288 followers, our most active and engaged audience is on Instagram, where each post receives between 78-299 views. Our LinkedIn account currently sits at 529 followers, producing over 2,700 impressions over the past year from our posts. The interactive nature of these platforms have allowed us to maintain a solid turnout of attendees for our events. We transitioned from Twitter/X, to Bluesky last year to communicate news and promote our events. Despite having only 10 followers, we believe our Bluesky followers will grow. As an added benefit, members and the general public alike can view our public updates and feeds without the need to create a Bluesky account. We believe content should be accessible and convenient without the need to log in. In addition, we created a Youtube channel to post recordings of our past speakers who have consented to have their presentations recorded and accessible to our members.

Given our 68 member size in 2025, we felt our communications strategy was effective in meeting our main goal of attracting members for our Virtual and Hybrid educational events. We often utilize our communications platforms when we wish to update or remind our members on upcoming events and other relevant food safety-related news.

Here is a summary of our events and registrant numbers:

- Virtual Annual General Meeting - AGM Business and a talk on "Managing Risks in Poultry Processing" - March 11, 2025 - 19 registrants
- Summer Webinar Series - "Predict and Prevent: Selected Risk Modelling Activities at the Canadian Food Inspection Agency (CFIA)" - June 23, 2025 - 17 registrants
- Fall Hybrid Speaker's Evening - "Low Moisture, High Risk: Understanding and Controlling Salmonella in Low Water Activity Food Products" and "PFAS in Food Systems: A Canadian Overview" - November 3, 2025 - 28 registrants

Here are some examples highlighting the communication streams we used in 2025:
