## COVID-19 Guidelines

IAFP will follow local, national and CDC guidelines for IAFP 2022.

We highly recommend IAFP 2022 participants be fully vaccinated\* with the COVID-19 vaccine regimen.

\*Fully vaccinated includes two shots of the Pfizer or Moderna COVID vaccine or one shot of the Johnson & Johnson vaccine (or an approved vaccine if you are travelling from outside of the USA). Attendees are also encouraged to obtain all recommended booster vaccines.

Participants who are not fully vaccinated are encouraged to obtain their vaccine prior to IAFP 2022.

If you are sick or feeling symptoms of COVID (sneezing, runny nose, loss of sense of taste or smell, etc.) or have been around someone with COVID, DO NOT ATTEND IAFP 2022.

All participants can feel free to wear a mask to protect yourself and others while attending IAFP 2022.

Click [HERE](#) for CDC information on how to protect yourself and others.

### From CDC:

### Steps Everyone Can Take to Make Gatherings Safer

If you are attending a gathering, think about the steps you need to take to [protect yourself and your loved ones](#) from COVID-19.

- Make sure you are [up to date](#) with your COVID-19 vaccines.
- In general, people do not need to wear [masks](#) when outdoors.
- If you are sick and need to be around others, or are [caring for someone who has COVID-19](#), wear a mask.
- If the [COVID-19 Community Level](#) where you live is
  - Low
    - Wear a mask based on your personal preference, informed by your personal level of risk.
  - Medium
    - If you are at risk for [severe illness](#), talk to your healthcare provider about wearing masks indoors in public.
    - If you live with or will gather with someone at risk for severe illness, wear a mask when indoors with them.
  - High
    - If you are 2 or older, wear a well-fitting mask indoors in public, regardless of vaccination status or individual risk (including in K-12 schools and other community settings).
- If you are at risk for severe illness, wear a mask or respirator that provides you with greater protection.
- Stay home if you are sick or experiencing [symptoms](#) of COVID-19.
- Communicate with the people you will meet with about prevention strategies.
